隔膜阀
Diaphragm valve

GM-T type

三通隔膜阀
Three-way diaphragm valve

GM-UB type

三通隔膜阀-UB
Three-way diaphragm valve-UB

GM-UC type

三通隔膜阀-UC
Three-way diaphragm valve-UC

组合式多通道隔膜阀
Combined multi-port diaphragm valve

组合式多通道隔膜阀设计方案不计其数，以下仅为例举；
我们设计死区方案遵循≤3D为原则。

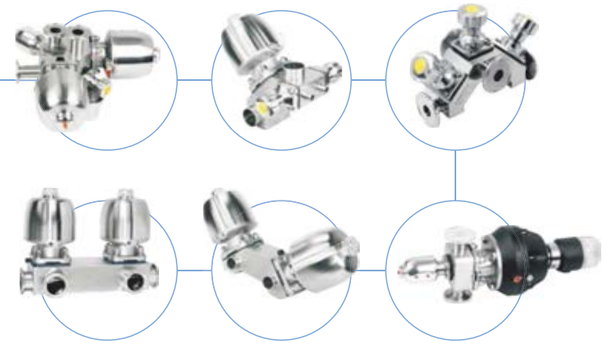

Multi-port diaphragm valve has a great diversity of design scheme, below only for example; the design scheme according to dead zone ≤3D.

因多通道隔膜阀设计多达100多种，以下仅为例举，也可按照用户实际需求定制，
我们设计死区方案遵循≤1D为原则。

As design of multi-port diaphragm valve more than 100 types, below only for example, also can be customized accroding to cutsomer's request,the design scheme according to dead zone ≤1D.

GM-GD type

罐底隔膜阀
Tank bottom diaphragm valve
